

KRAFT ROLL BUNNY CRAFT

You will need:

- Toilet roll insert x 2
- Black felt pen
- Pink / green paper
- Googly eyes
- Scissors

Step 1:

First, cut the pink piece of paper to fit around the tube, and glue it on. Then cut two strips out of the second toilet roll to use for the ears, and wrap them in pink paper too.

Step 2:

Glue the cut-out strips on to the top of the toilet roll, then stick on the googly eyes and use the pen to draw on whiskers and a mouth.

Step 3:

You can then use the green card to make a bow tie to finish off your Easter bunny craft! You can decorate your bunny however you like; with whichever colours, you like!
